The NASPA Pharmacy-based Point of Care Testing Certificate Training Program hosted by the NCPA Innovation Center will be offered in a virtual format. Zoom Video Conferencing will be used to deliver the live session. By registering for this program, you agree to participate in the live portion of the course and associated skills assessment by using activevideo and audio feed through your computer or mobile device. Credit for completion of the certificate program will only be granted to participants who complete their self-study requirements, are verified as physically present throughout the duration of the live session, complete the skills process with a passing assessment, and receive a passing score on the online post-test.
